

Sonrisa Lounge Seating

Sonrisa lounge chairs, loveseats, and ottomans feature a contoured design that enhances both the visual and physical realities of style and comfort.

Features

- Delivers maximum comfort with minimal footprint
- Lounge chair and loveseat available with arm or armless
- Chairs and loveseats have 3 contrasting fabric options: seat, seat/base, or outside back; ottomans have contrasting seat option
- Base options include black poly feet with adjustable glides, casters, or black poly feet with adjustable glides and rollers with lean-back activation (rollers available on lounge chairs and loveseats only)
- Concealed push-thru feature eases cleanability

Construction

- 3.75"-thick high-resilience polyurethane foam seat and upholstery straps on seat frame optimize comfort
- High-resilience polyurethane foam contours the inside of the backrest for enhanced back comfort and support
- Interior base frame is constructed of 3/4"-thick hardwood plywood
- Interior back frame is made from 1/2"-thick molded or laminated hardwood veneer
- Field-replaceable parts allow for enhanced sustainability
- 400-pound weight rating
- Lifetime structural warranty

Product Highlights

Contrasting Design Elements

Select from a wide range of upholstery for the ultimate in design flexibility. Three contrasting fabric options are available on the lounge chair and loveseat; one contrasting fabric option is available for the ottoman. Add further design detail with finely crafted double stitching in 16 thread color options.

Design with See It Spec It

Base Options

Sonrisa seating provides a range of base options designed to accommodate the changing needs of any space. Choose from a mobile base with casters; a base with black poly feet with adjustable glides and lean-back rollers for on-demand mobility; or a stationary base with black poly feet and adjustable glides. The option for rollers is only available on lounge chair and loveseat models.

Enhanced Sustainability

Standard field replacement parts are available for the seat, back, base, glide, casters, and roller kits, providing a sustainable and economical solution.

Small and Spacious

Sonrisa provides small-scale lounge furniture with a roomy, comfortable seat. Seating is designed to accommodate the diverse ways individuals sit to maximize comfort and encourage relaxation.

Optional Arms

The optional arms on the Sonrisa lounge chair and loveseat offer a casual embrace to elicit feelings of support, comfort, and security.

Cleanability

Sonrisa lounge chairs and loveseats include a concealed push-thru feature to support cleaning and keep furniture looking newer longer.

Meet the Family

In addition to comfortable lounge chairs, loveseats, and ottomans, the Sonrisa family features bench seating and complementing occasional tables, including end tables and coffee tables with a hairpin-inspired wire frame base.
